

Project Planning File

Project Overview

This project aims to visually represent and analyse data from a top manga using Tableau, a powerful data visualization tool.

Project Goals

- To create an interactive dashboard that displays the data in a visually appealing manner.
- To identify key trends and insights from the data.
- To provide recommendations based on the insights.

Project Timeline

Table

Task	Start Date	End Date	Duration
Data Collection	14/11/2023	20/11/2023	6 days
Data Analysis	20/12/2023	21/12/2023	1 days
Dashboard Creation	02/01/2024	04/01/2024	2 days
Final Touches	15/01/2024	20/01/2024	5 days

Project Deliverables

- A Tableau dashboard that displays the data in an interactive and visually appealing manner.
- A report that summarizes the key insights and recommendations.

Project Team

- Project Manager: Purva Samar 21BAI10356
- Data Analyst: Abhay Kushwaha 21BAI10270
- Data Scientist: Prasidhi Singh Sengar 21BAI10245
- Designer: Purva Samar 21BAI10356
